

SLIM-LINE DIFFUSER

expella™

Low profile ceiling diffuser

Expella has developed a unique low profile ceiling diffuser to improve function and aesthetics in the bathroom. It incorporates 'quick fit' clips and an integrated non-return volume control damper to simplify installation and ultimately reduce installation costs.

MANUFACTURER:

expella™

WARRANTY:

5 years

APPLICATIONS AND INSTALLATION:

- Suitable for supply air and exhaust air applications
- Quick fit – snap in clips to ensure fast and simple installation.

BENEFITS:

- Low profile
- Australian designed
- Quiet operation
- Easy to install to reduce installation costs
- Integrated non-return and volume control damper
- Removable filter to increase life of exhaust fan
- Optional G4 air filter for supply air function to remove pollutants from outside air
- Easy to clean and maintain
- Eliminates need for access panel*

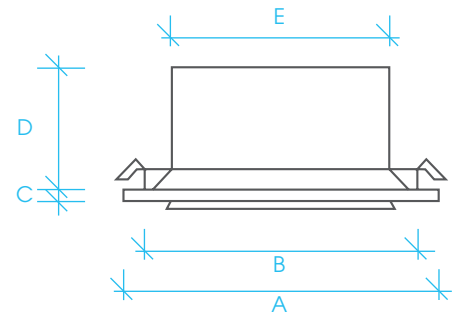

* Depending on design and location of fan
